Hello MAGIC members and friends,

This is a reminder that we will be meeting next week on Thursday night Oct. 16 at 7pm in Concord. The focus of the meeting will be on two major topics:

- We will hear a presentation on the 2010 Census activities, what it means to MAGIC communities, and how communities can help
- Continuation of our transportation discussions from the last meeting, including how MAGIC wants to comment on the 2009 TIP amendment

We strongly encourage each of you to attend, since the discussion of the US Census is one that will impact each of our communities, as well as the Commonwealth.

A draft agenda is attached and detailed directions will follow shortly. **Please send me an email if you plan on attending.** Hope to see you there!

Thanks,
Christine

We will review the census activities that are scheduled to occur in every city and town beginning in early 2009. We will also learn how to set up a Complete Count Committee, and the importance of setting up such a committee in each community.

Because getting a complete and accurate Census count is critical for planning purposes, political representation and the allocation of billions of dollars of government funding, getting an early start on census activities is important. **Please encourage other appropriate Town staff and board members to attend this meeting.**
